- Most audience requests can be downloaded at any time from any location
- I match the beats and keys of the songs to keep people dancing and happy
- House dance music is something I'm passionate about, and other styles I regularly play include: top 40, urban dance, hip hop, country and alternative rock.
- I can supply professional lighting, spotlights and nightclub-style lighting upon request

One-Man-Band music

For this I mix live guitar and voice with dj beats and backgrounds.

The sound is as big as a band and it can make people want to get up and dance!

- A list of past venues played is included below
- Originals and popular cover songs are performed
